

Presenter's guide:

Using the PowerPoint presentation:

Introduction to differentiation and adaptation of the classroom curriculum and school environment.

Purpose

To support the implementation of the Ministry of Education publication *Collaboration for Success: Individual Education Plans* (IEP guidelines). You can read the guideline online or get instruction on how to order a print copy from the [Get a copy page](#) on IEP Online.

To support schools to embed the guidelines into practice

To support students with special educational needs to have an inclusive and supportive learning environment.

Worksheet

There is a worksheet '**Introduction to differentiation and adaptation of the classroom curriculum and school environment**' for participants to complete in response to some of the reflective questions and activities in this presentation.

Actions for presenters delivering the workshop presentation

Print the PowerPoint with the notes and accompanying handouts. The PowerPoint presentation can be adapted for different audience groups.

The information available through the PowerPoint can be worked through individually, in groups or be presented in a planned and co-ordinated way.

- If delivering the workshop, the presenter must have a sound understanding of the NZ Curriculum
- The workshop is primarily intended for teachers, specialist teachers and SENCo's.
- The workshop can be delivered as a whole or in three parts; Universal Design for Learning, exploring differentiation and adaptation and ideas to implement practice.
- The overall delivery of the workshop takes approximately 1 ½ hours to complete.
- The presenter must prepare the activities in advance.
- If you want to discuss any aspect of the workshop you can contact: Robyn Ward, National Practice Leader, Complex Needs, MOE SE (07 343 1369), Andrea Smart, Practice Advisor, Complex Needs, Northern Region, MOE SE (09 487 1121), Karen Keene, Practice Advisor, Complex Needs, Central South Region, MOE SE (06 349 6374), Pat Caswell, Practice Advisor, Complex Needs, Southern Region, MOE SE (03 467 7954).
